Proceedings of the Indian Academy of Sciences
(Plant Sciences)

Volume 98, 1988

CONTENTS

Status of *Brachiolejeunea* (Spruce) Schiffn. in India
U S Awasthi and S C Srivastava 1

Growth and allocation strategy of some important species of seral grasslands at Cherrapunji in north-eastern India
Subhash C Ram and P S Ramakrishnan 13

Distribution of fungal spores within and above a crop of rice
Janaki B Atluri, K Vasudeva Varma and C Subba Reddi 25

Morphological aspects and taxonomical prospects of leaf idioblasts in Pandaceae and Caryocaraceae *T Ananda Rao and M C Cheluviah* 31

New nodulating papilionoid legumes of potential value for revegetation of degraded ecosystems
Suresh Nair, Prakash K Jha, M C Gopinathan and C R Babu 41

Plant age, temperature and free moisture in relation to susceptibility of cluster-bean to *Xanthomonas campestris* pv. *cyamopsidis* *S K Gandhi and J N Chand* 49

Vesicular-arbuscular mycorrhizal associations of sesamum
M Vijayalakshmi and A S Rao 55

Effect of some phenolic acids on quality and yield of chickpea seeds
G S Mangat, Krishan Dutt and C P Malik 61

A new species of *Spegazzinia* from Western Australia *C V Subramanian* 67

Uptake and assimilation of nitrogen by marine diatoms—I. Kinetics of nitrogen uptake *V Sivasubramanian and V N R Rao* 71

Uptake and assimilation of nitrogen by marine diatoms—II. Kinetics of nitrogen assimilation *V Sivasubramanian and V N R Rao* 89

Diurnal and seasonal variations in the phytoplankton production of lake Kondakarla *K S N Murthy and V Seshavatharam* 99

Chemotaxonomic characters in twelve species of the genus *Pennisetum* (Poaceae) *M V Subba Rao, D M Sujatha, V Saideswara Rao and V Manga* 111

Architectural plasticity of two bamboo species (*Nehouzeua dulloa* A Camus and *Dendrocalamus hamiltonii* Nees and Arn.) in successional environments in north-east India *K S Rao and P S Ramakrishnan* 121

Suitable level of zinc, copper and manganese for mass production of the vesicular-arbuscular mycorrhizal fungus, *Glomus fasciculatum*
M N Sreenivasa and D J Bagyaraj 135

Cytology and distribution pattern of woody species of Verbenaceae in Palni hills *G S Chatha and S S Bir* 139

Development of gametophytes, embryogeny and pericarp in *Goodyera repens* (Orchidaceae, Neottieae) *Sarvesh Kumar Sood* 149

Rhythmic oscillations in wheat chloroplast photochemical activity. I. Oscillations in whole chain, photosystem II and photosystem I electron transport activities *Shabbir A Sayeed and Prasanna Mohanty* 157

Rhythmic oscillations in wheat chloroplast photochemical activity. II. Further characterization of the rhythm in photosystem II photoelectron transport activity *Shabbir A Sayeed and Prasanna Mohanty* 175

Seed protein electrophoresis in six species and two F_1s of *Cicer* *G Kabir and R M Singh* 183

Airborne fungal spores at Nagarjunanagar *P Siva Sankara Rao and K V Mallaiah* 191

Ammonium accumulation and glutamine synthetase activity in C_3 and C_4 plants *M Maheswari, T V R Nair and Y P Abrol* 199

Chemotaxonomic studies on some members of Anacardiaceae *I Umadevi, M Daniel and S D Sabnis* 205

Influence of rice crop canopy on growth and nitrogen fixation of water fern *Azolla pinnata* *D P Singh and P K Singh* 209

Pattern of immobilization and release of nitrogen in decomposing leaf litter in Himalayan forests *V P Upadhyay* 215

Computer-assisted image analysis in biological sciences *Donat-P Häder* 227

Anther development in *Xylopia nigricans* *K Periasamy and S Thangavel* 251

Endosperm controls symmetry changes in the developing embryos of angiosperms *K V Krishnamurthy* 257

Wandlabyrinthe in the embryo sac of *Nigella damascena* Linn *M R Vijayaraghavan, Gayatri Misra and Vedantam Sujata* 261

Isolation of a cytokinin-binding protein from *Cucumis sativus* cotyledons *C Jayabaskaran* 269

Growth and metabolism in cotton and tobacco callus cultures *P B Kavi Kishor and A R Mehta* 277

Response of pigeon pea to variable levels of manganese *C P Sharma, Neena Khurana, C Chatterjee and S C Agarwala* 283

Aflatoxin-producing fungi in stored paddy *B M Sundaram, Rajkumar Krishnamurthy and S Subramanian* 291

Degradation of carbofuran and carbaryl by a suspension from a flooded soil incubated at 35°C and retreated with carbofuran *K Ramanand, M Sharmila and N Sethunathan* 299

Biomass structure and net primary production of Siwalik chir pine (*Pinus roxburghii* Sarg.)-mixed broadleaf forest *B S Rana, S P Singh and R P Singh* 307

Contributions to our knowledge of Indian algae—3. Euglenineae Part 3. The genera *Trachelomonas* Ehrenberg and *Strombomonas* Deflandre *M T Philipose* 317

Cytological studies in *Launaea pinnatifida* Cass *B S Hiremath and M S Chennaveeraiah* 395

Seedling emergence and development of *Pinus kesiya* Royle ex Gord. and *Schima khasiana* Dyer *A N Verma and P Tandon* 399

Yield and oil content of doubled haploids of mustard (*Brassica juncea* (L.) Czern. and Coss.) *V Abraham, L George, V T Srinivasan and C R Bhatia* 405

Foliar epidermis and taxonomy in Apocynaceae *B Kannabiran and V Ramassamy* 409

Effect of gibberellic acid on nitrate utilization in *Sesamum indicum* seedlings *D P Bashist* 419

Plant tissue culture: Perceptions and realities *Abraham D Krikorian* 425

Oedogoniales of Uttar Pradesh, India—*Oedogonium* Link *H M Shukla, G L Tiwari, U C Pandey and Iqbal Habib* 465

Leaf architecture in Tamaricaceae *A K Gupta and Y S Murty* 471

Properties of phosphatases from green alga *Scenedesmus incrassatulus* Bahlin and blue-green alga *Synechococcus aeruginosus* Nag *T R K Reddy and R Lakshminarayana* 475

N_2-fixation (N_2-ase activity) in *Azospirillum* strains *V M Rao, Jayshree, Banwari Lal, P Shailaja and H S Narayana* 483

Response to radiation and *in vitro* growth of two species of *Luzula* with non-localized centromere *Jayanti Sengupta and A K Sharma* 489

Transformation of the grain legume *Vigna aconitifolia* Jacq Marechal by *Agrobacterium tumefaciens*, regeneration of shoots *Ravinder Gill, S Eapen and P S Rao* 495

Wind-tunnel estimation of fungi colonizing sorghum seed from field to storage *P Shankara and A Ramalingam* 501

Growth and foliar variation among provenances of *Eucalyptus camaldulensis* Dehn. grown at Dehradun *R K Vakshasya* 507

Seasonal nutrient status of Banjara Lake, Hyderabad *G Nagender Reddy and M N V Prasad* 515
